FISHER PAVILION

F **Fisher Pavilion**

Sophisticated and versatile, Fisher Pavilion is a 12,500 square foot facility perfect for galas, wedding receptions, corporate events and mid-sized trade and consumer shows. Built into a hillside at the heart of the Seattle Center grounds, the expansive glass facade offers panoramic views of the International Fountain and Queen Anne Hill. Five glass roll-up doors can be raised for an open-air experience and provide a connection to the lush expanse of the South Fountain Lawn. Fisher Pavilion may be rented in conjunction with the Lawn as well as the Fisher Rooftop, a street-level 19,000 square foot plaza, for unrivaled flexibility for your event.

Features

- 10'x10' Booth Capacity: 60
- Square Footage: 12,589
- Ceiling Height: 17'-19'
- Dimensions: 176' x 62'

An award-winner for architectural and sustainable design, Fisher Pavilion held its grand opening in September 2002. It replaced the Flag Pavilion, the original structure on the same site, which was built for the 1962 Seattle World's Fair.

Artwork at Fisher Pavilion is by Deborah Mersky. On the exterior is "Biography of a Branch," a glass and stone mosaic whose botanical images represent the waves of immigration that have occurred in Seattle history, plus plants important to the First Peoples. The interior piece, "Twine and Branch," is a set of sandblasted and painted panels with imagery that suggests the melding of the human and natural worlds.
